ADDIE IS SEEN WITH WHITFIELD AS SEEN ABOVE

Many people know Addie Bundren as an insane maniac thats sick, but nobody would have ever thought of her as a cheating woman. She has been seen with preacher Whitfield in many of locations around town. The thing that shocked her family and local neighbors is that she had a kid with him, Jewel. She is married to Anse and had Cash and Darl with him. She was mad at Anse for "tricking" her into having Darl, so maybe this is all revenge. I talked to Addie and she said "I don't care if anyone knows about this. I will repay Anse so he can

just get over it." I think she says it all right there. Addie did have children Dewey Dell to cancel out Jewel and then later had Vardaman. Neighbor Cora says "what Addie did was a sin and I feel for her." I think a lot of us could say what she did was wrong. Now the family is on their way to Jefferson since Addie made Anse do that for getting her pregnant. If I was him I wouldn't have done that.
